Subject: RE: green sports event -- January 30

Hi Rudy,

Thanks for the information about Friday's event. I will be attending on behalf of our office.

You mention there will be an opportunity to make brief remarks – I'd be happy to read a letter on the Senator's behalf.

Thanks,
Haley

Subject: green sports event -- January 30

Phil, Leah,

Below is a little more information about the event.

There will be a tour of Killington's facilities to see some of the green investments they have made and that help make their operations work.

The K1 Gondola runs on Cow Power from Green Mountain Power, they have gray water in all the restroom facilities, they have invested in 400 energy efficient snow guns, the new Peak Lodge has some state of the art features, and they have a robust recycling program.

There will also be a tour of the gondola, Peak Lodge and control room to see how this works and impact it has. At the Peak Lodge, officials can make brief remarks about green sports, energy efficiency investment, waste reduction... and the benefits to industries like sports.

I hope this is helpful.
